You are listed by your Posting ID. Go to your MyASU page, select Profile, then select My IDs under Account Details in the right column. Your 7-digit Posting ID will appear.

I track scores using a 600-point scale.

The weights as promised in the syllabus are (with corresponding equivalent points):

Test 1	16.7%	100 pts
Test 2	16.7%	100 pts
Test 3	16.7%	100 pts (the three midterms are 50% of your grade)
Final	25%	150 pts
Quizzes	10%	60 pts
Edfinity	15%	90 pts
TOTAL	100%	600 pts

The grades below are Test 1-3 (300 pts), the quizzes, and Edfinity weighted in proportion to what we've done so far, out of 80 points. After the final, the full 90 points.

Quizzes are graded at 10 pts each, but to fit with the weights in the syllabus, a fitted proportionally out of 6 points each.

Edfinity so far is through 13.4. I took your total points out of what was possible, made a percentage, then normed that out of 80 points.

Your "reweight" is the points you would get back when your best test score is weighted at 25%, next best at 15% and worst at 10%.

Please double check that your score line is correct, and bring any concerns to me.
